Halladay Land Donated To Town For New Feeding Hills Library

On Saturday, March 11, at Agawam's last annual Town meeting, the members voted to accept a parcel of land donated by the three Halladay sisters to be used for a library building in honor of their late father, Giles W. Halladay, an Agawam Selectman for 26 years. The lot is .845 acre situated about 200 feet south of the intersection of North St. and North Westfield St. on the Halladay Homestead property.

Pictured above left to right are: Joseph M. Faucette, chairman of the Board of Selectmen, Mrs. Kenneth Burton, one of the donors of the land and Mr. Robert Poulos, chairman of the Library Building Study Committee. The other two donors, Mrs. Ernest Swanson and Mrs. Robert McKenna were absent when the picture was taken.

In July, 1971, the Board of Selectmen chose Mrs. Stanley Fuller and Mr. Robert Poulos to be the two additional members of a Library Buildings Study Committee composed of Mrs. Laurence Andrews, Mrs. William Keogh, and Mr. Charles DuBois

Hodges. During many meetings, the Committee investigated property in North Agawam and Feeding Hills. It was not until late January, 1972, that the Halladay sisters approached the Buildings Study Committee and told of their desire to donate the property to the Town with the following stipulations:

- That the land be used solely for the purpose of a library building
- As a memorial to Giles W. Halladay with the library so named.
- That the construction of this building be started on or before five years from the acceptance of the land by the Town
- That the said parcel of land revert in its entirety to the donors unless the above three stipulations are met.

ABC Nursery School Hosts Open House

The ABC Nursery School held at the Agawam Baptist Church, 760 Main St., Agawam, will hold an open house and registration on Monday evening, March 20 from 7:30 until 9 p.m.

The Nursery School offers three different programs. A parent may choose a two-day, three-day, or five-day program for his child.

A child must be three years of age by July 1st to enroll in the fall term.

Further information may be obtained by attending the open house or contacting the church office.

Agawam Honors Former Town Collector Margaret Ferranti With Retirement Party

A town-wide retirement party for recently retired Agawam Town Collector, Miss Margaret Ferranti, will be held on Saturday evening, April 22, at Chez Jozef in Agawam.

Miss Ferranti served the community as Town Collector, for 25 years and worked as a clerk and an assistant to the Town Collector for 5 years prior to holding public office.

Mrs. Delmo Draghetti is serving as general chairman for the affair and is being assisted by Mrs. Alfred Gallerani, reservations chairman; Mrs. Leslie J.

The Agawam Town meeting, upon a motion read by Mr. Roy E. Benjamin, Agawam Selectman, voted that the Committee continue.

After the motion was made for \$15,000 for preliminary plans and architects fees, Mr. John Teahan, Town Counsel, emphasized the need for this money so as not to delay the progress of erecting this much needed building. As a result the Town meeting members overwhelmingly voted to appropriate the necessary money for the use of the aforementioned architects fees.

All Agawam residents are indeed grateful to the Halladay sisters for their generous contribution.

Cancer Crusade To Get Rolling Sunday, Mar. 19

The 1972 Agawam Cancer Crusade Kick-Off will take place on Sunday, March 19 from 7:30 until 11 p.m. at the Riverside Rollaway Skating Rink on Main St., Agawam. Mrs. Nancy Molta is the local crusade chairman.

Mrs. Susan Maiolo who has been conducting these kick-offs for five years will again give the entire evening's proceeds to the Cancer Drive. She will have an array of very talented entertainers to skate for an enjoyable evening.

Mrs. Ruth E. Zucco, director of the American Cancer Society of the Greater Springfield Area, invites the people of Agawam to skate for cancer.

Donald Charest Seeks School Committee Post

Donald J. Charest of 95 Reed St. announced today that he is a candidate for the School Committee in the May 9th primary.

Charest, who has been active in town affairs for many years, is a business college graduate and is currently serving as Director of Business Affairs for the Granby school system.

"My directly related public school experience in the areas of accounting, personnel, purchas-

ing, contractual negotiations, bus transportation, budgeting, and maintenance should qualify me for a seat on the Agawam School Committee.

"I believe that in these progressive and changing times of public school education, Agawam must have professional people

Wine Tasting Party At JFK Council K of C Tuesday

A wine tasting party will be sponsored by the John F. Kennedy Council, Knights of Columbus, #5585 on Tuesday, March 21 at the Council home on South St. at 8 p.m.

S and S Distributing Co., who sells choice domestic and imported wines will conduct the evening. A variety of cheese with crackers will also be served.

Beano is on the agenda every Friday night at 8 p.m. at the Council home.

DONALD J. CHAREST

with ample foresight on its School Committee to meet the goals of today's educational needs. If given the opportunity, I will direct all my efforts to meet these goals.

"As a homeowner and taxpayer, I fully recognize that half of every tax dollar goes to support the Agawam schools and if elected I firmly pledge that every dollar encumbered for our schools will be spent in the most proficient manner."

Junior Women's Club Announces Conservation Poster Contest Winners

The Agawam Junior Women's Club announces the winners of its Conservation Poster Contest held recently. The theme of the contest was Air Pollution, and all fourth through sixth grade pupils of the six elementary schools in Agawam were invited to participate.

Mrs. William Ferry, Conservation Chairman, presented plaques to the winners, who are now eligible to compete in a statewide contest to be held by the Massachusetts State Federation of Women's Clubs.

Pictured, left to right, are: Mrs. Ferry; first prize winner, Ellen Kelly, of Robinson Park School; second prize winner, Kim Hebert, of Robinson Park School; and third prize winner, Lisa Torre, of Granger School.

Honorable mention certificates

were awarded to Joellen Secondo, Robinson Park School; Richard Kana, Granger School; Steven Bordeaux, Pierce School; Mark Diefenderfer, Danahy School; Patricia Longo, South Street School; and Cheryl Robinson, Phelps School.

Mrs. Sherman and Mrs. Carter, art teachers in the elementary school system, supervised the contest, and judges were Louis Quatrone, amateur artist; J. W. Fanning, engraver; and William Ferry.

Easter Seal Society Kicks Off Annual Coffee Day Event

The Massachusetts Easter Seal Society today kicked off its annual Coffee Day event in the Greater Springfield area to gain support for its summer camping program for physically handicapped children.
Police Chief R. Kenneth Grady is the Agawam chairman for the event.
The two week project ends with Coffee Day on Thursday, March 30. Endorsing the promotion are the Massachusetts Restaurant Association and the Massachusetts Hotel-Motel Association as well as hundreds of restaurants, coffee shops and snack bars across the state.
The public is asked to buy Coffee Day buttons for one dollar each at any participating eating place between now and March 30. On that day persons who have a button may drink free coffee in any of the participating establishments.
"For many handicapped youngsters," Chief Grady said, "Easter Seal camping offers an excellent opportunity to obtain continuous and progressive rehabilitation treatment, the chance to participate in recreational opportunities and develop a sense of self-confidence and independence.
This summer, hundreds of crippled children will look forward to Easter Seal camping as the highlight of the year.

V.F.W. Post 1632 And Auxiliary Bulletin

BY THE BISSONNETTES

MORE VOLUNTEERS — The need is urgent. Many members are willing, but for some reason have not yet volunteered. Will you make 1972 the year that you enroll as a hospital volunteer, and render one of the most rewarding services of your entire life in helping our men who have given so much for us? The time is NOW! Do NOT put it off. The Annual Orientation and Indoctrination Course will be held in the Recreation Hall on Tuesday, April 18th at 7:30 p.m. Volunteers are asked to park behind the main building instead of in front of it.

The Annual Volunteer Awards Ceremony will be Tuesday, May 16th at 8 p.m.—Recreation Hall.

KEEP INFORMED — Know about the many bills affecting our veterans and families. Contact your congressman and senators and express YOUR approval or disapproval of the many considerations. Write NOW. With the combined strengths of our Auxiliary, Post and other Veterans' Organizations, we can move mountains. Attend the Legislation Hearing scheduled for March 16, at 2 p.m. at the Gardner Auditorium before the Social Welfare Committee (relating to the merger of Veterans' Services with Welfare and Vietnam Bonus). Members of these organizations should wear their HATS!

SELL BUDDY POPPIES — This gives the Auxiliary and the Post a chance to work together in promoting the "POPPY PROGRAM" and it's real meaning. Our younger citizens are not going to know why we present the poppy unless we enlighten them. Monies from a Poppy Drive is used solely for the Relief Fund the Veterans and their Families. Be a volunteer! Call Buddy Poppy Chairmen Katherine and Thomas Dickinson.

NOMINATIONS AND ELECTIONS—in April but take THAT OFFICERS JOB ONLY IF.... YOU intend to fulfill the duties and responsibilities thereof. Now is the time for self-analysis as well as inventory of the responsibility of our organization to the community and the veterans. ACCEPT THAT OFFICERS JOB ONLY if you plan to give it your best. If you accept that job remember the spotlight goes on you....your organization and members have put you there because they believe in you...you cannot afford to let them down. To accept responsibility in good faith, to perform fully so that you will be supplying the leadership your members expect is the ONLY way to win the respect

of others...and to keep your self-respect. Members remember that the person YOU elect represents YOU!

The winner of the Voice of Democracy Contest held at the Agawam High School is Miss Debra Grassa, 17 year-old daughter of Mr. and Mrs. Edward Grassa, 125 Edgewater Road.

DEBRA GRASSA

Debby, who's composition "My Responsibility To Freedom" won first place, received a beautiful trophy and a gold first place medal. She hopes to attend college and obtain an associates degree in Secretarial Sciences. She is a member of the National Honor Society, Business Editor of the Agawam High School Year Book, and Treasurer of the High School Ski Club. Her hobbies are skiing and sewing and she makes most all her own clothes.

Second place winner, Miss

Peggy Ahearn received a silver medal, third place winner, Miss Frances Bigda, a bronze medal and honorable mention award plaques to Jeanne Scherpa, Robert Olson and Michael Richards.

Chairmen of the Voice of Democracy Program are Harry Minet Jr. of VFW Post #1632 and Katherine Dickinson of the Ladies Auxiliary.

5th Annual Easter Sunrise Service At Valley Community

For the fifth consecutive year Valley Community Church will host the Annual Easter Sunrise Service on its Hill at 5:30 a.m., April 2 and anyone in the community is cordially welcome to join in this program.

Of special interest to many people will be the fact that the Salvation Army Band from Springfield will provide the music for the occasion. The old familiar hymns of Easter will be sung. A special speaker to be announced shortly will give the sunrise address.

Following the service those who desire to stay for breakfast may do so and will be served pancakes, ham and coffee at a reasonable price.

Father to mother: "At least this report card proves our son isn't taking any mind expanding drugs."

A Calendar of Fact and Opinion

When a crop is ready to harvest and ship, time is of the essence, and the breakdown of shipping facilities can be ruinous. If transport is not available, delivery can't be made on time, storage facilities often prove inadequate, crops spoil and ultimately customers are lost. For this reason, agriculture has been hard hit by the prolonged West Coast longshore strike. Mr. William Kuhfuss, president of the American Farm Bureau Federation, commenting on this situation has said: "...it is time to establish legislative guidelines to protect the public interest. It is not right that thousands of farmers, who have no opportunity to be a part of the negotiations, should have to suffer from the actions of labor groups and go bankrupt because their markets are closed."

Stopping on the freeway is one of the most dangerous things the average motorist can do," warns the Portland, Oregon, Traffic Safety Commission. "Don't take chances with a nearly empty gas tank or badly worn tires—a chance that might leave you stalled like a 'sitting duck' on a high speed highway."

In July 1927, Mr. William T. Grant of the W. T. Grant stores wrote in the publication "Grant Game": "We used to think that there was no sentiment in business. But I have never known anyone to get far in business who was not at heart rather sentimental. Business cannot be carried on without cooperation, and you can't get cooperation without human feelings. Laughter and tears and the interchange of pure human sympathy are quite as important to business as they are in any other phase of human life."

According to the Field Enterprises Educational Corporation, "The most important job in the world is nurturing the young. Feeding the baby, teaching the baby, providing for the baby's physical and mental development is the most important job in the world. Washing the clothes and cooking the meals may be very important to the family's well-being at the moment, but reading to a child is so important to his mental development that this activity must not be neglected in favor of the less pressing family duties. If the ironing can wait until nap-time, mother should let it...His physical growth depends upon what nutritionally sound food she feeds him. His mental growth depends upon what stimulation she provides for him while he is still a youngster...Having a baby is the easiest part. Developing that baby into the adult human being his heredity gave him the potential of becoming—that is the hard part, the essential part, the most important job in the world."

According to the California Taxpayer's Association, "Per student costs in private colleges enrolling between 500 and 1,000 students are the lowest, a study by the Association of American Colleges shows. A study of 507 private colleges showed the costs were greatest for colleges with more than 4,000 students."

Desire

"One of the human qualities which lifts some above others is desire. Whether in sports, the business world, or studious achievement, if there's enough desire, the goal is usually attained.

"Desire, of course, should be balanced by reasonable goals and sound moral standards. A lack of good moral standards can lead to any means, justified by the end. Setting one's goal too high can lead to a lifetime of misery. Otherwise, desire can be the key to attainment and achievement, and is often the difference between success and mediocrity."

—Reprinted from the Ephrata, Pa., Review

PLAINVIEW, NEBR., NEWS: "Newspapers in Russia, so reports go, are 'red', but not read. Russians just don't seem to read newspapers the way Americans do, mainly because the chief function of the Soviet newspaper editor is to defend, explain and promote the Communist Party's policies and achievements. News from beyond the country, which the Party wants to block out never appears at all. Official news is played up. Other news gets a paragraph or two. Nothing for deaths, except official obituaries, marriages, etc. A little different from American newspapers, huh?"

Time For Reform

Analysis of the President's budget for fiscal 1973 shows that there will be an expected deficit of \$38.8 billion this year and \$25.5 billion next year. The government is engaged in alarming budgetary brinkmanship.

What is needed is a firm ceiling on expenditures (the President suggests his budget estimates of \$246.3 billion), greater budgetary control of credit and lending activities, and establishment of spending priorities based on need and effectiveness.

Another long-over-due reform would consolidate all appropriations into two measures: one for defense and national security, and one for all other federal expenditures.

Also, the President now has the choice of accepting or rejecting an entire appropriation bill. He should have a limited power to veto particular items.

Five-year cost projections should be required and used to discourage Congress from approving programs costing modest amounts the first year, but committing future Congresses to spending billions.

Washington now budgets for a push-button economy with quill-pen techniques. As a result, the country is in a serious budgetary bind and Congress should move quickly to adopt needed reforms.

Consumer Report

DON'T FLY WITH "STRANGERS"

(Attorney General Robert H. Quinn prepares this weekly column to inform Massachusetts residents about the state consumer laws.)

"Fly to London — group rate \$180; bask in the Bahaman sun — stay at a beautiful hotel — group rate \$175."

The spring and summer vacation season is fast-approaching and college campus bulletin boards are filled with similar ads luring students to Europe, the Caribbean and other parts of the globe.

In the Boston area many of these trips are offered by "fly" by night travel agencies that close down soon after opening. Often these agencies are run by college students or recent graduates who have formed a corporation, advertised exotic vacations at group rates and have been unable to supply the vacationers with what was promised. Despite the legal actions of my Consumer Protection Division, individuals continue to be "taken in."

NO RETURN

The division has received many complaints that these student-oriented plans often leave the travelers stranded without a return flight or that advertised accommodations are merely a bait—the quality of the accommodations is far less than described. In other cases travelers have arrived at the airport and found that the agency had never booked them on a flight.

If You Are Moving
Let Us Know In
Advance 786-1940
The

CAB REG

The Civil Aeronautics Board restricts group flight rates to "affinity groups" — at least 40 people who have belonged to a club or an organization for at least 6 months.

In order to qualify for these charter flights the travel agencies often misrepresent the membership of a group. If 40 or more students are taking a group flight — the agency claims that all attend the same school, and is therefore an "affinity group."

The CAB may cancel any flight plans which violate the regulation.

The Consumer Protection Division has obtained refunds for some victims of these unscrupulous travel agents and has brought several legal actions against the agencies.

However the division warns students to be wary of advertised vacations at unrealistic low-cost prices. The division also cautions students to deal with recognized and established travel agencies so that they have a vacation—not a disaster.

Attention: Letters to the Editor
Column

Dear Sir:

My colleagues, Senators Margaret Chase Smith, Mike Mansfield and Hugh Scott, have stirred up—and rightly so—a great deal of interest in the lackluster Senate attendance record during the early days of this new session of Congress.

I think I owe your readers an interim report on my own attendance/roll call record in 1972.

Since the gavel fell on January 18, 1972, there have been 83 roll call votes in the Senate. Very few of these have been routine. Most have been important, and on many, the margin of decision has been very close.

I have been present for 82—all but 1 of these votes.

Sincerely yours,
Edward W. Brooke

Sargent Proclaims March 19-25 National Poison Prevention Week

Public and private agencies throughout the Commonwealth were invited to join in the fight against accidental poisoning as Governor Francis W. Sargent proclaimed NATIONAL POISON PREVENTION WEEK in Massachusetts, March 19-25.

The national theme for 1972 is SEARCH AND DESTROY — SEARCH for hazards in the home and DESTROY their potential for poisoning children.

Dr. Henry W. Kolbe, Massachusetts Commissioner of Public Health, said: "Although substantial efforts have been made to reduce the problem of accidental poisoning, especially among children, it continues to be a matter of public concern."

Accidental poisoning is preventable through the safe use, storage and disposal of medications and formula-cleaning compounds found in the home. Substances often involved in poisonings each year are prescription and over-the-counter medicines, household cleaning and polishing chemicals, gardening chemicals, and home workshop materials.

Dr. Kolbe noted that in 1954 the State Health Department acted positively in reducing deaths and injuries due to poisonings by establishing the Boston Poison Information Center, the third such center in the nation. Since then more than 600 poison information centers have been established in the United States.

Originally the service was organized to provide physicians with rapid information on poten-

tial and actual poisonings but today over 90 per cent of the 20-thousand calls received at the center are from parents seeking advice.

Twenty-four hour service is available at the center which is equipped with information on some 20-thousand products that are potentially hazardous. The service is provided on a rotating schedule by four hospitals linked with special telephone lines. The four are Children's Hospital, Medical Center, New England Medical Center Floating Hospital, Massachusetts General Hospital and Boston City Hospital. The center is directed by representatives of all teaching pediatric services in Boston, the State Health Department, and the Massachusetts Chapter of the Academy of Pediatrics.

The role of the center is expected to broaden in the near future because of legislation enacted into law in 1971 that provides for the establishment of a Poison Information and Prevention Center for the entire Commonwealth. In addition to information and advice, multiple treatment center with the capacity to effectively treat cases of poisoning will be designated throughout the state.

The expanded role of the center will be more effective with its increased use of computerized services from Washington and with other information centers in the country.

Dr. Kolbe asked that citizens in the Bay State participate in the SEARCH AND DESTROY theme of Poison Prevention Week. He called for a special effort against potential hazards normally found in the home, cellar and garage.

He urged that in the event of a poisoning accident a physician be called at once or that the victim be rushed to the nearest hospital emergency room.

When and if necessary, dial the nearest poison information center. Most centers are listed on the front inside cover of telephone directories. The number for greater Boston is 232-2120.

Community Grange Program Tuesday

The 3rd and 4th degrees will be worked at the next meeting of Community Grange on Tuesday, March 21 at the grange home on No. West St.

A covered dish supper will be served at 6:30 p.m. preceding the business meeting which will open at 8 o'clock. The supper committee consists of Mr. and Mrs. Ralph Marriot and Mr. and Mrs. H. Ellsworth Bostwick. All who are planning to attend the supper are asked to contact Mrs. Bostwick and make arrangements for the food. The candidates, who are taking the degrees, are guests at the supper. During the business meeting

the 3rd degree will be worked by a ladies degree team of which Mrs. Betty Collins is master. The regular officers will confer the 4th degree. A deputy of the Massachusetts State Grange will make an official visit and inspect the degree work.

A rehearsal for officers of both the 3rd and 4th degrees has been called for Sunday, March 19th at 5:30 p.m.

SPORTSMEN'S CORNER

By BILL CHIBA

I have been asked many times if the fish finder that I use, a "Ray Jefferson" model, is really helpful in catching fish or is it just a gimmick?

Believe me, it is not just a gimmick. I have increased my percentage of success three-fold plus, saving an untold amount of money by not losing expensive rigs by snagging on submerged hazards. Of course, these sonar devices can be helpful or useless, depending entirely on the angler using them.

For instance, I have observed fishermen at Congamond and other bodies of water, fishing the perimeter of the lake, with their sonar turned on, and totally ig-

noring it. They fish just as they have fished for years. The sonar is on their boat because it is something the better fishermen all use. Sort of a mark of distinction, so to speak. They consult it only after a fish is caught to check the catching depth.

In order to be productive, you must use the sonar to find invisible, submerged structures such as reefs, shoals, bottom cover, and other fish hangouts. Anybody can fish visible shore cover, and too many fishermen do. But, it takes a sonar and a studious fisherman interpreting it to find those unseen bottom hangouts, and find the depths at which fish are suspended. The usefulness of the device is in direct proportion to the interpretive skill of the user.

DUCK STAMP INCREASED
President Nixon has signed into law a bill which increased the so-called "Duck Stamp" from \$3 to \$5.

Funds from the sale of Duck Stamps are earmarked for use by the Bureau of Sport Fisheries and Wildlife to acquire waterfowl wetlands. Some 3 million Duck Stamps were sold for the 1971-72 season, so the increase will generate nearly \$5 million in added revenue. The last increase in the price of the stamp was authorized in 1958, when the annual fee went from \$2 to \$3. Since that time, the average cost of acquiring wetlands has increased by 68%, according to the Bureau of Sport Fisheries and Wildlife.

Two emperor geese landing in overcast Arctic surroundings, drawn by Arthur Cook, Bloomington, Minn., will be featured on the 1972-73 stamp. The new

stamps will go on sale in the U.S. Post Offices July 1972, and every migratory-waterfowl hunter 16 years of age or older is required to purchase the stamp along with a state hunting license.

If you are looking for a night out, with steamed clams and a nice band, close to home, then venture over to the West Springfield Fish and Game Club, Garden St., Feeding Hills, on Friday night. The wife and I dropped in last Friday night and had a wonderful time. The "Corn King" Al Christopher is in the kitchen and doing a fabulous job with the food.

Comedy Hoop Game Scheduled March 24

Agawam High School is sponsoring a comedy basketball game between the world famous Harlem Diplomats and the Faculty All-Stars, at the Agawam High Gym on Friday, March 24 at 8 p.m.

The Diplomats feature some of the most talented basketball players in the country. Their comedy is performed throughout the game. They play football, baseball and razzle dazzle the referees and have the fans running for cover when they bring out the water bucket during time outs. They boast one of the funniest, cleanest family shows in the country.

At half-time, the Diplomats present a trophy to the winning team of the Preliminary Tournament, which starts at 7 p.m. with freshmen, sophomores, juniors and seniors participating.

Those parents planning to pick up their children after the game are advised to do so between 9:30 and 9:45 p.m. The Diplomats game is scheduled to start at 8 p.m.

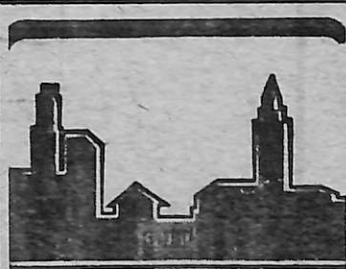

Advance sale tickets can be obtained at the Agawam High School office. Come out to see this once a year treat and support the Faculty Club fund raising drive. All profits will be used for scholarships.

Remember, game time is at 8 p.m. at the Agawam High School Gym.
